

Declaration of REACH/SVHC Conformity

July 11, 2023

To our customers:

Winner is committed to protecting the environment and complying with REACH regulation (EC NO.1907/2006 Registration, Evaluation, Authorization and Restriction of Chemicals). Winner is not a manufacturer or importer of substances as defined in the articles of REACH regulation. As an article producer, the presence of SVHC above the exemptible concentration threshold, Winner Hydraulics Corporation shall provide information according to article 33 of REACH regulation.

According to ECHA announced on 14 June, 2023, REACH Candidate List of Substances of Very High Concern (SVHC) has added up to 235 items.

As lead was added to candidate list of SVHC (CAS 7439-92-1), we hereby inform you that our products supply to you containing lead above a concentration of 0.1% (w/w). In fact, lead is a substance commonly used in copper, steel and aluminum alloys. And based on the understanding of Winner's products, there is no intended release of chemical substances under normal or reasonably foreseeable conditions of use.

As an article producer, Winner is also obligate to manage resource of substances. Winner hereby confirms that, based on the feedback from our reliable suppliers, our products do not contain any substances which comply with the restriction condition of all entries defined in REACH Annex XVII, and chemical authorizations in Annex XIV.

Winner will continue to monitor the development of the SVHC candidate. If you have any questions related to product compliance, please feel free to contact us.
